Saikyo-Kawagoe Line

Introducing

The Saikyo and Kawagoe Lines are one of the major commuter lines in the Tokyo metropolitan area, running from Osaki Station via Omiya Station to Kawagoe Station. From Osaki Station, the lines provide direct service to the Tokyo Waterfront Area Rapid Transit Rinkai Line in the direction of Shinkiba Station, and from Hazawa yokohama-kokudai Station to the Sotetsu Line in the direction of Ebina Station. This DLC includes only the Saikyo Line and Kawagoe Line between Osaki Station and Kawagoe Station.

The automatic train protection system switches twice on the way. (ATS-P between Osaki and Ikebukuro stations, ATACS between Ikebukuro and Omiya stations, and ATS-P between Omiya and Kawagoe stations)

The first half of the train runs through an office district in central Tokyo, the middle part through a bed town, and the latter half through a rural landscape with fields. Please enjoy the changing scenery along the line.
